We began our year in September with a Fall Welcome Meeting in the home of one of our members. Our discussion topic was: Preparing for Fall Festival and Skills Test: Ideas for Superior Performances. In October our meeting topic was: Each One Reach One: Membership and Mentorship: Creative Solutions for Recruitment and Retention. In addition, in October, we did our Fall Student Recital in which the students of 11 teachers participated. Fall Festival was in November and I understand a report has been submitted to VMTA from Rebecca McCord. February was VMTA Theory/Skills/Sightreading Festival. In March, we did a program on collaboration. Our performers were a piano quartet from Lynchburg College. In April we had our Spring student recital in which the students of 11 teachers participated. Our final meeting in May was a largely social gathering and welcoming of our new officers.

CVMTA currently has 23 members.

A goal for next year is to get more of our members participating in the group. Of the 23 members, we have a core group of perhaps 10 people that does all of the work and attends the meetings. We would like to have everyone doing something to contribute to the organization.

The report was submitted by: Patricia Jo Webb, Past President, CVMTA.
